Hydrobiologia

The International Journal on Limnology and Marine Sciences

Volume 466, 15 December 2001

Theme

Saline Lakes

Publications from the Seventh International Conference on Salt Lakes, held in Death Valley National Park, California, U.S.A., September 1999

Guest Editors

John M. Melack, Robert Jellison & David B. Herbst

Preface ix

Nitrogen limitation and particulate elemental ratios of seston in hypersaline Mono Lake, California, U.S.A.
Robert Jellison, John M. Melack 1–12

Nutrient fluxes from upwelling and enhanced turbulence at the top of the pycnocline in Mono Lake, California
Sally MacIntyre, Robert Jellison 13–29

Airborne remote sensing of chlorophyll distributions in Mono Lake, California
John M. Melack, Mary Gastil 31–38

Re-appearance of rotifers in hypersaline Mono Lake, California, during a period of rising lake levels and decreasing salinity
Robert Jellison, Heather Adams, John M. Melack 39–43

Stratification of microbial assemblages in Mono Lake, California, and response to a mixing event
James T. Hollibaugh, Patricia S. Wong, Nasreen Bano, Sunny K. Pak, Ellen M. Prager, Cristián Orrego 45–60

The bioenergetic basis for the decrease in metabolic diversity at increasing salt concentrations: implications for the functioning of salt lake ecosystems
Aharon Oren 61–72

Comparative metabolic diversity in two solar salterns
Carol D. Litchfield, Amy Irby, Tamar Kis-Papo, Aharon Oren 73–80

Polar lipids and pigments as biomarkers for the study of the microbial community structure of solar salterns
Carol D. Litchfield, Aharon Oren 81–89

Limnological effects of anthropogenic desiccation of a large, saline lake, Walker Lake, Nevada
Marc W. Beutel, Alex J. Horne, James C. Roth, Nicola J. Barratt 91–105

Oxygen consumption and ammonia accumulation in the hypolimnion of Walker Lake, Nevada
Marc W. Beutel 107–117

Limnological control of brine shrimp population dynamics and cyst production in the Great Salt Lake, Utah
Wayne A. Wurtsbaugh, Z. Maciej Gliwicz 119–132

International study on *Artemia* LXIII. Field study of the *Artemia urmiana* (Günther, 1890) population in Lake Urmiah, Iran
Gilbert Van Stappen, Gholamreza Fayazi, Patrick Sorgeloos 133–143

Dispersal of *Artemia franciscana* Kellogg (Crustacea; Anostraca) populations in the coastal saltworks of Rio Grande do Norte, northeastern Brazil
Marcos R. Camara 145–148

Anostracan cysts found in California salt lakes
William D. Shepard, Richard E. Hill 149–158

Thermal, mixing, and oxygen regimes of the Salton Sea, California, 1997–1999
James M. Watts, Brandon K. Swan, Mary Ann Tiffany, Stuart H. Hurlbert 159–176

***Pleurochrysis pseudoroscoffensis* (Prymnesiophyceae) blooms on the surface of the Salton Sea, California**
Kristen M. Reifel, Michael P. McCoy, Mary Ann Tiffany, Tonie E. Rocke, Charles C. Trees, Steven B. Barlow, D. John Faulkner, Stuart H. Hurlbert 177–185

***Chattonella marina* (Raphidophyceae), a potentially toxic alga in the Salton Sea, California**
Mary A. Tiffany, Steven B. Barlow, Victoria E. Matey, Stuart H. Hurlbert 187–194

Parasites of fish from the Salton Sea, California, U.S.A.
Boris I. Kuperman, Victoria E. Matey, Stuart H. Hurlbert 195–208

Gradients of salinity stress, environmental stability and water chemistry as a templet for defining habitat types and physiological strategies in inland salt waters
David B. Herbst 209–219

Thermal tolerance and heat shock proteins in encysted embryos of *Artemia* from widely different thermal habitats
James S. Clegg, Nguyen Van Hoa, Patrick Sorgeloos 221–229

Land-use influence on stream water quality and diatom communities in Victoria, Australia: a response to secondary salinization
Dean W. Blinn, Paul C.E. Bailey 231–244

A study of the Werewilka Inlet of the saline Lake Wyara, Australia – a harbour of biodiversity for a sea of simplicity
Brian V. Timms 245–254

Demography and habitat use of the Badwater snail (*Assiminea infima*), with observations on its conservation status, Death Valley National Park, California, U.S.A.
Donald W. Sada 255–265

Holocene hydrological and climatic changes in the southern Bolivian Altiplano according to diatom assemblages in paleowetlands
S. Servant-Vildary, M. Servant, O. Jimenez 267–277

Reconnaissance hydrogeochemistry of economic deposits of sodium sulfate (mirabilite) in saline lakes, Saskatchewan, Canada
Lynn I. Kelley, Chris Holmden 279–289

Benthos of a seasonally-astatic, saline, soda lake in Mexico
Javier Alcocer, Elva G. Escobar, Alfonso Lugo, L. Maritza Lozano, Luis A. Oseguera 291–297

Phytoplankton dynamics in a deep, tropical, hyposaline lake
Ma. Guadalupe Oliva, Alfonso Lugo, Javier Alcocer, Laura Peralta, Ma. del Rosario Sánchez 299–306

Food-web structure in two shallow salt lakes in Los Monegros (NE Spain): energetic vs dynamic constraints
Paloma Alcorlo, Angel Baltanás, Carlos Montes 307–316

Avian communities in baylands and artificial salt evaporation ponds of the San Francisco Bay estuary
John Y. Takekawa, Corinna T. Lu, Ruth T. Pratt 317–328

Anthropogenic salinisation of inland waters
William D. Williams 329–337

On salinology
Zheng Mianping 339–347
